

This collage is a vibrant representation of environmental education and sustainable living. It features a variety of images and text snippets that promote eco-friendly practices and respect for nature. Key elements include:

- Top Left:** A classroom setting where children are learning about recycling, with a sign that reads "地産地消を考えて作ったエコクリッキン" (Ecoクリッキン) and "4月 稲庭式".
- Top Center:** A sign for "地産地消で省エネルギー" (Energy Conservation through Local Production) featuring a cartoon Earth character.
- Top Right:** A sign for "生ごみからたい肥ができるまで" (From Organic Waste to Compost) and "5月 武芸川自然農園見学" (Visiting the Natural Farming Garden on the Kiso River).
- Middle Left:** A section titled "里山保全活動に参加" (Participating in Mountain Forest Conservation Activities) showing people working in a forest.
- Middle Center:** A large central illustration of the Earth with cartoon characters, featuring the text "エネルギーを大切に SOS!" (Save Energy!).
- Middle Right:** A sign for "温化にブレークを!" (Break through Global Warming) with a strawberry character.
- Bottom Left:** A section titled "旬の春野菜を食べよう!!" (Let's Eat Fresh Spring Vegetables!) showing people harvesting vegetables.
- Bottom Center:** A sign for "森林を温暖化防止に利用" (Utilizing Forests to Prevent Global Warming) with a forest scene.
- Bottom Right:** A sign for "三重 四日市 尾平" (Mie Prefecture, Shiojiri City, Oyama) and "イオンチーズクラブ" (ION CHEESE CLUB).

The collage is a rich tapestry of environmental themes, from recycling and energy conservation to forest management and sustainable agriculture.
