私と野菜の成長記録

私が育てて私が食べる!!

This section contains a grid of 12 weekly entries from a garden diary. Each entry includes a small photo at the top, handwritten notes in Japanese, and a drawing of a cartoon animal (like a bear or rabbit) at the bottom. The notes describe the growth of various plants like radishes, carrots, and leafy greens over time.

子供達の笑顔と太陽を見た野菜が「もっと美味しいにあげる」「もっと笑顔が見たいから」…そんな声が聞こえたよ

This section features a collage of photos showing the progression of different plants from seedling stage to harvest. It includes a chart for baby lettuce growth, a timeline for baby leafy green harvesting, and several photos of harvested vegetables like radishes and carrots being prepared into meals.
